

# Assignment

Create a python script following below steps:

1. Navigate to <https://moneycontrol.com>
2. Search for RIL in the top search box
3. Add wait for result suggestion to appear
4. Click on the first result displayed

The screenshot shows the Moneycontrol.com website. In the top right corner, there is a search bar with the text "RIL". Below the search bar, a dropdown menu titled "Quotes" lists several options: Mutual Funds, Commodities, Futures & Options, News, and Forum. The "Quotes" option is highlighted. To the right of the search bar, a list of search suggestions appears, with the top item being "Reliance Industries INE002A01018, RELIANCE, 500325". A red arrow points from the step 4 instruction to this suggestion. The main navigation menu at the top includes links for English, Specials, Home, Coronavirus, Markets, MC Insider, Vaccine Tracker, Limited Period Offer, SENSEX (current value: 49580.73), and a login link.

5. Print the share price of RIL in console  
Hint : (use method get\_attribute to get value and print method to print in console)

The screenshot shows the detailed view for Reliance Industries Ltd. on the Moneycontrol.com website. At the top, there is a navigation bar with links for English, Specials, and a search bar. Below the navigation, the Moneycontrol logo and a "Be a PRO" button are visible. The main content area features the company name "Reliance Industries Ltd." and its sector, "Refineries". The current share price is prominently displayed as "1,960.35" with a green arrow indicating a gain of "▲ 23.05 (1.19%)". Below this, the text "As on 17 May, 2021 | 15:59" and a "Trade" button are shown. To the right of the price, there are three data ranges: "Day Range" (from 1,930.40 to 1,963.45), "52 Week Range" (from 1,393.00 to 2,369.35), and "Volume". Further down, there is a "Bid / Ask" section and a small chart showing price movement over time. A large orange arrow points from the step 5 instruction towards the current price and gain information.
